

AWARDS AND RECOGNITION ONLINE SOLUTIONS

AUTOMATE YOUR AWARDS SUBMISSION AND JUDGING PROGRAMME ONLINE WITH eAwards

Going online helps save on costly manual processing and judging of awards entry. The eAwards suite is a comprehensive online based system backed up with customised service from our dedicated team that will make your program efficient, cost effective and environmentally friendly.

Features

- ✓ Password protected and segmented gateways for administrators, judges and entrants.
- ✓ Complete automation of submission process. Entrants will be notified by email on successful completion of submission
- ✓ Multiple attachments such as word, images, video and audio
- ✓ Web-based scoring and notes facilities for judges. Convenor/s can allocate which entry is to be reviewed/commented/rated by particular judge
- ✓ National and state administrators segmented access to reports and track all levels of submission and judging process.
- ✓ Integrated email systems for all level of communications to entrants and judges
- ✓ Category/subcategory management, online fields management, judging criteria management and task widgets

eAwards provides support services to the industry in the areas of:

- ✓ Custom online submission and judging to your needs and specifications
- ✓ Custom applications development and programming
- ✓ Custom design, development and maintenance of industry awards websites
- ✓ Data processing, conversions, file management
- ✓ Domain registration, hosting and site analytics
- ✓ Online payments and bookings
